### Our school initiatives are showing substantial progress toward our targets

After reviewing our 2017 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Developing a shared understanding of 'data literacy' and supporting teachers to effectively use data to inform targeted teaching, particularly in the area of reading.
- Interrogating literacy data to determine how teachers use this data to improve student outcomes.
- Providing ongoing support to classroom teachers and teacher-aides to implement and develop data-driven strategies to improve student outcomes.
- Targeting identified groups of students by providing them with access to intense, research-based intervention and appropriate resources.
- Developing a school reading framework and embedding it as the shared language of teaching and learning in reading.
- Maintaining an uninterrupted Literacy Block across the school to ensure consistency of pedagogical practices as outlined in the Pedagogical Framework.
